TAHIR AHMAD

Multan, Pakistan | +92 335 1525757 / +92 308 1525757 | tahirahmadhassukhel@gmail.com

GitHub | LinkedIn | Live Portfolio

PROFESSIONAL SUMMARY

- Computer Engineering undergraduate (5th Semester) specializing in C++, C#, .NET desktop applications, and responsive web development.
- Delivered 100+ client typesetting projects with 24–48 hour turnarounds while maintaining a 3.22 CGPA and building full-stack software systems.
- Seeking a Software Engineering or Desktop/Web Development internship to build scalable, high-performance applications.

EDUCATION

Bahauddin Zakariya University (BZU) | B.S. in Computer Engineering (5th Sem) | CGPA: 3.22 *Multan, Pakistan | 2024–2028*

The Crescent Public School & College | FSc in Computer Science | Marks: 930/1100 (77.5%) *Mir Ali, Pakistan | 2022–2024*

SKILLS SUMMARY

Languages & Frameworks: C++, C, C#, JavaScript, .NET (WinForms), Qt Creator, HTML5, CSS3, SQL.

Tools & Core Fields: Visual Studio, VS Code, SQL Server, Git/GitHub, Data Structures & Algorithms, OOP, Database Design.

KEY PROJECTS

Inventory Management System *(C#, .NET WinForms, SQL Server, Crystal Reports)* Source Code

Engineered desktop software using C# and SQL Server featuring secure authentication, automated stock calculations, and Crystal Reports engine integration.

Desktop Notepad Application *(C++, Qt Creator, OOP)* Source Code

Developed a cross-platform text editor utilizing object-oriented C++, Qt custom event loops, memory management, and high-performance file I/O operations.

Amazon Homepage UI Clone *(HTML5, CSS3, Flexbox, Grid)* Live Demo | Source Code

Constructed a responsive clone of Amazon's frontend interface utilizing modular CSS rules, flexible grid viewports, and multi-device UI compatibility.

Responsive Notes Web App *(JavaScript, HTML5, CSS3, LocalStorage)* Live Demo | Source Code

Designed an interactive web app leveraging native JavaScript DOM API calls, asynchronous execution, and persistent client-side state storage.

WORK EXPERIENCE

Self-Employed Typist & Composer | *Freelance* Composing Portfolio | *Nov 2022 – Present*

Managed client lifecycles and delivered 100+ production-ready document formatting and typesetting releases in English, Urdu, and Pashto with strict 24–48 hour turnarounds.

Trilingual Documentation Specialist | *Qari Printing Centre* *Sep 2023 – Nov 2023*

Managed technical composition, layout formatting, and multilingual data verification pipelines for Pashto literary publications & client documentation.

Multilingual Data Entry and Formatting Clerk | *A1 Madin Book Dupo* *Nov 2022 – Jul 2023*

Conducted structured text formatting, document typesetting, & data auditing while enforcing client confidentiality guidelines.
