EDUCATION:

Bahauddin Zakariya University (BZU) | B.S. in Computer Engineering (5th Semester) | CGPA: 3.22 — Multan, Pakistan | 2024 – 2028

The Crescent Public School & College | FSc in Computer Science | Marks: 930/1100 (77.5%) — Mir Ali, Pakistan | 2022 – 2024

SKILLS SUMMARY:

- **Languages & Frameworks:** C++, C, C#, JavaScript, TypeScript, React, .NET (WinForms), Qt Creator, HTML5, CSS3, SQL
- **Tools & Core Fields:** Visual Studio, VS Code, SQL Server, Git/GitHub, Crystal Reports, DSA, OOP, Database Design, Architecture

PROJECTS:

Inventory Management System (C#, .NET WinForms, SQL Server, Crystal Reports) — **Source Code**

- Desktop app with role-based login, CRUD, real-time stock tracking, SQL injection protection, and Crystal Reports integration.

Dawar Engineering — Notes to MD (React, TypeScript, Tailwind CSS, AI Prompting) — **Live Demo**

- AI-assisted full-stack tool transforming handwritten notebook pages into clean, structured, and copy-ready Markdown text.

Desktop Notepad Application (C++, Qt Creator, OOP) — **Source Code**

- Full-featured cross-platform text editor implementing file I/O operations, text manipulation, and custom Qt GUI event handling.

Amazon Homepage UI Clone (HTML5, CSS3, Flexbox, Grid) — **Live Demo** | **Source Code**

- Pixel-accurate clone of Amazon's homepage using pure HTML5 and CSS3, demonstrating mastery of responsive Flexbox and Grid.

Interactive To-Do List (JavaScript, HTML, LocalStorage) — **Live Demo** | **Source Code**

- Dynamic task management web application reinforcing DOM manipulation, event listeners, and client-side data persistence.

Responsive Notes App (JavaScript, HTML, CSS) — **Live Demo** | **Source Code**

- User-friendly note manager allowing create, store, and edit operations with persistent client-side LocalStorage storage.

Horizontal Scroll Image Gallery (JavaScript, HTML, CSS Animations) — **Live Demo** | **Source Code**

- Interactive image gallery with smooth horizontal scrolling, navigation controls, engaging hover effects, and DOM manipulation.

Tic-Tac-Toe Game (JavaScript, HTML, CSS, Game Logic) — **Live Demo** | **Source Code**

- Classic two-player game featuring turn-based gameplay, automatic win/draw detection algorithms, and instant game reset.

Age Calculator Web Tool (JavaScript, HTML, CSS) — **Live Demo** | **Source Code**

- Web tool utilizing JavaScript Date object manipulation and strict input validation for precise age calculation and edge cases.

Feature-Rich Calculator (JavaScript, HTML, CSS) — **Live Demo** | **Source Code**

- Fully functional calculator application with complete arithmetic operations, responsive UI, and robust event handling logic.

CERTIFICATIONS:

- **MS Office Automation MasterClass** — **Udemy**
- **Mastering C#: Games, Applications, Software** — **Udemy**
- **Web Development for Beginners** — **Udemy**
- **HTML & CSS from Beginning to Advanced** — **Udemy**
- **PowerPoint from Basic to Advanced** — **Udemy**
- **Learn C++** — **CodeChef**

WORK EXPERIENCE:

Trilingual Documentation Specialist | Qari Printing Centre — Sep 2023 – Nov 2023

- Executed expert technical book composing for Pashto literature alongside trilingual data entry in English, Urdu, and Pashto.

Multilingual Data Entry & Formatting Clerk | A1 Madin Book Dupo — Nov 2022 – Jul 2023

- Composed and edited professional documents with high accuracy while preserving client data confidentiality.
